1 Except as noted below, -201 and -401 versions of the batteries are provided with quick disconnects (blue color) on the power leads

2 The 7-1040-201 and 7-1065-201 are available only with Deutsch "Jiffy Junction" contacts; if the "Jiffy Junction" connector, itself, is required, order -202.

3 The 7-1035-201 and 7-1050-201 are available only with Deutsch "Jiffy Junction" contacts; if the "Jiffy Junction" connector, itself, is required, order -202.

These two batteries can also be ordered with updated Amphenol quick-connects (blue color); in this case, order 7-1035-301 or 7-1050-301
